

How to Enjoy FlareConnect™

- 1** Connect all products to the same network as your smartphone.
* Refer to your product manual for details on how to connect your product to the local network.
- 2** Install the “Pioneer Remote App” application on your device.
- 3** Launch the app and set up your product.
* Make sure you have the latest version of the application installed.
- 4** Once the product is shown, tap the Group icon on the lower part of the screen.
* One or more FlareConnect-enabled wireless speakers are required in order to use the Group function.
- 5** Touch the check boxes of the products/rooms you would like to group.
- 6** Return and select the music you would like to play.
Playback will commence on the products/in the rooms you have grouped.

Note

- * Do not switch the network (Wi-Fi®/Ethernet) connection of the components during grouping.
- * If the operation becomes unstable, tap the Refresh icon on the upper-right corner of the screen to update grouped component information.
